BREAKFAST

Belgian Waffles

Waffles from the co-op's Belgian waffle mix.

Ingredients

1 lb Belgian waffle mix (3½ cups)

2 cups cold water

Directions

1. Whisk the mix and water just until smooth, or use an electric mixer on low. Leave the batter undisturbed after mixing.
2. Ladle about 6 oz onto the waffle grid. Give the batter a few seconds to spread, then cook according to the waffle iron's instructions.

Refrigerate any unused batter promptly and use within a few hours.
